

MARSH INSTRUMENTATION

Successfully Serving Ontario's Process, Power & Manufacturing Industries for over 20 Years.

CONTROL & AUTOMATION PRODUCTS LINE CARD

Marsh Control & Automation Products Division is pleased to provide our Customers & Prospects with leading instrumentation products that will help you in your daily operations and duties.

FLOW INSTRUMENTATION

FlowX3 Flow Sensors, Instruments & Insertion Mag Meters

Schlumberger and Neptune Brand Coriolis Mass Flow Meters

Laminar Flow Elements, Accutube Averaging Pitot Tubes, DP Gauges and Transmitters

Neptune Industrial Positive Displacement Liquid Flow Meters and Batch Controllers manufactured by Itron

GAS DETECTION

Portable & Fixed Gas Detectors

MONITORING & CONTROL

OCEASOFT Wireless Environmental Monitoring System
-Temperature and Humidity Monitoring
-Full FDA compliant reporting to 21 CFR PART 11

Flow, Level & Temperature Process Indicators & Controllers

Watlow Heaters, Temperature Sensors & Process Controllers

1016 C Sutton Drive, Burlington, Ontario, Canada L7L 6B8
1-800-449-2719 www.marshinst.com

NUCLEAR PRODUCTS

Pressure, Temperature & Flow Switches & Transmitters

MARSH

Canadian Nuclear Services Division

- Ice Plug Monitoring
- Safety Shutdown Systems

TEST & CALIBRATION

BETA Multi-function & Precision Process Calibrators
Martel Bench Standard Precision Lab Calibration Products

MARSH

Calibration Services for Regulated & Process Industries
- ISO 17025 Accredited & ISO 9001 /10012 Process Calibration

Calibrators, HART Communicators, Smart DP & Absolute Monometers

Humidity & Temperature Calibration Systems

-ISO 17025 Accredited Calibration & Production Test Products
-Digital Temperature Indicators, Calibrators & Safety Voltmeters
-PPM Laboratory Nano-Voltmeters, Resistance Measurement,
Signal Sources & Conditioning Equipment.

To discuss your Instrumentation requirements contact us at: products@marshinst.com or call the Marsh Technical Sales Team for immediate assistance at 905-332-1172 x 3006.

Remember! – Marsh Instrumentation has been providing outstanding Instrumentation Calibration, Field Service Technicians and Repair Services for over 25 years. To put our team to work on your requirements contact us at: instrumentationservices@marshinst.com
